

FREEBEE COIN Whitepaper

Version 1.0 | April 2025

1. Introduction

In an age where sustainability and responsible pet ownership are increasingly important, FREEBEE COIN proposes a real-world reward ecosystem that incentivizes meaningful actions through blockchain technology.

FREEBEE is a reward platform that connects everyday pet care activities—such as waste pickup—to crypto rewards. Users can earn points for responsible actions through the mobile app and convert them into FREEBEE COIN, a token issued on the BNB Smart Chain.

2. Vision & Mission

Vision

To become the most practical and accessible crypto reward platform in the global pet ecosystem.

Mission

To encourage eco-friendly actions and responsible pet care by connecting real-world behavior with digital value.

3. Problem Statement

- Over 30% of pet waste in urban areas is improperly managed, leading to hygiene, environmental, and public health issues.
- Pet owners often lack consistent motivation to pick up after their pets.
- Cryptocurrency adoption is hindered by limited real-world utility and accessibility.

FREEBEE COIN addresses these issues by:

- Rewarding responsible pet waste management
- Lowering the barrier to crypto through everyday actions

- Collaborating with pet-related businesses to enable meaningful value exchange
-

4. The FREEBEE App

The FREEBEE mobile app (MVP version completed) allows users to:

- 📷 Submit photo proof of pet waste pickup
- 💰 Earn points for verified actions
- 🦊 Connect their MetaMask wallet
- 🔁 Convert points to FREEBEE tokens
- 🧑‍🎓 Track wallet balances and reward history

The app currently operates in test markets with real-time point accrual and blockchain transaction logging.

5. Token Overview

Item	Details
Token Name	FREEBEE COIN
Symbol	FREEBEE
Network	BNB Smart Chain (BEP-20)
Total Supply	1,000,000 FREEBEE

Smart Contract Address [To be announced]

FREEBEE begins with an initial supply of 1,000,000 tokens, but the structure allows for additional issuance based on ecosystem growth and demand. Issuance conditions and methods are transparently managed through the smart contract.

6. Token Distribution Plan

Category	Allocation
User Rewards & Ecosystem	60%
Marketing & Partnerships	15%
Team & Operations	10% (with vesting)
Liquidity Reserve	10%
Emergency & Future Use	5%

Vesting schedules and lock-up terms will be transparently disclosed through the smart contract.

7. Ecosystem Use Cases

- 🐾 Pet waste pickup reward (via app)
- 🛒 Use at affiliated pet shops and online stores
- 🏥 Discounts at veterinary clinics and pet insurance (planned)
- 🎁 In-app giveaways and NFT rewards
- 🌐 Cross-border pet community collaborations

8. Roadmap

Q1–Q2 2025

- Launch MVP app (South Korea)
- Deploy smart contract
- Pilot partnerships with local pet businesses

Q3 2025

- DEX listing (e.g., PancakeSwap)
- Onboard global community (Discord/Telegram)
- Launch initial FREEBEE sale campaign

Q4 2025

- Introduce pet NFT profile features
 - Integrate with partner platforms (vets/retail)
 - Begin exploration of CEX listings
-

9. Community & Governance

FREEBEE COIN prioritizes transparency and user-driven development. The community will influence:

- Partner selection and reward policy
- Future DAO governance system
- Feature proposals and roadmap prioritization

Official Channels:
